

MACH™ Drymate Plus

MACHINE DISHWASHING

QUICK INFO

- Ultra concentrated premium rinse additive
- Meets Environmental Protection Agency Safer Product Standards
- Ergonomic, closed, tamper-proof packaging
- Reduces surface tension to ensure rapid dispersal and sheeting of rinse water, preventing water spots and streaking
- Contains highly active dispersants and surfactants to boost detergent cleaning power
- Specially formulated to accelerate drying time
- “Star K” Kosher approved

PRODUCT DATA

Odor: Mild
Form: Liquid
Color: Blue
pH: 4.0
Specific Gravity: 1.04
Flash Point: Non-flammable
Storage: Store in original container in a cool, dry place
Ingredients: Non-ionic surfactants, hydrotropic dispersant and color

DIRECTIONS FOR USE

Remove shipping cap. Place product container into the MACH™ warewashing dispenser and attach feedline cap. Dosing is preset based on soil load and water conditions and will be maintained automatically by the dispenser.

FULL PRODUCT DESCRIPTION

MACH™ DryMate is a high active rinse additive designed for use in industrial and institutional machine warewashing operations. Highly concentrated surfactants facilitate the rapid dispersal and sheeting of rinse water from glasses, cutlery, and other kitchen wares. Ideal for all soil loads and water hardness conditions, MACH™ DryMate speeds drying time, while leaving dishware clean and spot free. MACH™ DryMate is certified by the U.S. Environmental Agency, Safer Choice program to meet their environmental impact standards.
